# CONTRACT FOR SERVICE E-RATE FUNDING YEAR 12, 2009

# 1/ 1

Company Name:	Service Provider "Provider"	School/Library "Applicant"
Contact Name:	Scholastic Communications	Braggs School
SPN:	192027725	Lucky McCann
Address:	2912 Enterprise Blvd Suite C2	P.O. Box 59
City, State Zip:	Durham, NC 27701	Braggs, NC 27925
Phone:	877-816-6874	918-786-4902

This contract made and entered into on this 12 day of Oct, 2009, by and between Provider and Applicant as specified above.

## SERVICES

The Provider agrees to provide to the Applicant the services and/or products as specified in Exhibit A attached.

## RECITALS

Pursuant to the Schools and Libraries Universal Service Support Mechanism (E-Rate) contained in the Universal Service Provisions of the Telecommunications Act of 1996 (47 U.S.C. § 254, Telecommunications Act of 1996, Pub. L. No. 104-104, 110 Stat. 88 (1996) ("1996 Act"), Applicant solicited for certain telecommunications, internet, and internet connections services. Provider submitted bid to provide same. In accordance with the requirements of the regulations implementing the Act, Applicant considered the bid and determined that it should be accepted. The parties are now ready to enter into a contract for the furnishing of such services and/or products and they set their agreement in writing as follows:

## AGREEMENT

For and in consideration of the payment of the sums of money specified herein, together with other good and valuable consideration, Provider does hereby agree to furnish, and Applicant does hereby agree to accept and pay the discounted price for the services bid.

The term of this contract shall commence on July 1, 2009 and shall terminate on June 30, 2010.

If the Schools and Libraries Division ("SLD"), Administrator of the Universal Service Support Mechanism, or its successor, should fail to approve all of or any part of the services and products covered by this contract, the Applicant shall have the right, at its option, to cancel this contract, as to that part of the services and products disallowed for discount pricing.

If, after approval of discount funding by SLD or its successor, Applicant's governing board should fail to approve all of or any part of the services and products covered by this contract, the Applicant shall have the right, at its option, to cancel this contract, as to that part of the services and products disallowed by the governing board.

The total costs of the services and/or products shall not exceed \$2,500.00 (Pre-discount amount). In no circumstances shall Applicant be liable for an amount exceeding \$2,500.00 (Applicant's share) unless Applicant's governing board specifically waives this provision in writing.

Executed and delivered on the day and year first written above.

Scholastic Web

# Website Hosting: E-Rate Eligible

Your school can have a website that has powerful features, yet is simple to use and surprisingly affordable. Scholastic Communications offers more than website hosting—we provide solutions to the challenges schools face every day with communications, accountability, organization, and community building.

All school websites can have an unlimited number of pages. Updating school calendars, web pages, cafeteria menus, photo gallery, school applications and forms, school policies and procedures, web polls, school board agendas, and almost anything else your school needs to share with the community can be accomplished in minutes.

Our partnership with NewNet66 provides direct connections to many school districts and a 1,000Mb connection to the Internet. Dependable servers, technical staff, and backups guarantee your satisfaction.

Request Web Hosting on E-Rate Form 470, and then give us a call for your custom quote for next year, or request a SPIN change and get the best web hosting solution today.

**"The Scholastic Communications web hosting solution is very easy to use and is tailor made for the K12 environment."**

**Mike Pennell, NewNet 66**

## WebTools

- Calendars—District, Site, Cafeteria, Classroom, Sports, Organization
- Individual Login—Remove burden from a single person. Teachers can update their own pages using built-in content management.
- Slide Show—Easily upload pictures and add slide shows to your pages.
- Announcements—Quickly let everyone know about your upcoming event or school closing.
- Forms & Agendas—Upload MS Word or PDF files through point & click technology.
- Faculty—Individual contact information, including photos of your faculty.
- Web Poll—Check the pulse of your community about upcoming bond needs or your classroom pet's name by adding web polls to your site.
- Security—User logs are created for every login. Track page changes based upon user names and IP addresses.
- Site Statistics—Counters track page hits so you can see track activity on your site.

**"My teachers are easily keeping our website up to date. With over 275,000 hits the first year, it's been a huge success with parents, students and the community."**

This contract made and entered into on this 13 day of Jan 2009 by and between Provider and Applicant as specified above.

### SERVICES

The Provider agrees to provide to the Applicant the services and/or products as specified in Bid # F attached.

### RECITALS

Pursuant to the Schools and Libraries Universal Services Support Mechanism (E-Rate) contained in the Universal Service Provisions of the Telecommunications Act of 1996 [47 U.S.C. § 254. Telecommunications Act of 1996, Pub. L. No. 104-104, 110 Stat. 56 (1996) ("1996 Act")], Applicant advertised for certain telecommunications, Internet, and internal connections services. Provider submitted bid to provide same. In accordance with the requirements of the regulations implementing the Act, Applicant considered the bid and determined that it should be accepted. The parties are now ready to enter into a contract for the furnishing of such services and/or products and they set their agreement in writing as follows:

### AGREEMENT

For and in consideration of the payment of the sums of money specified herein, together with other good and valuable consideration, Provider does hereby agree to furnish, and Applicant does hereby agree to accept and pay the discounted price for the services bid.

The term of this contract shall commence on July 1, 2009 and shall terminate on June 30, 2010.

If the Schools and Libraries Division ("SLD"), Administrator of the Universal Services Support Mechanism, or its successor, should fail to approve all of or any part of the services and products covered by this contract, the Applicant shall have the right, at its option, to cancel this contract, as to that part of the services and products disallowed for discount pricing.

If, after approval of discount funding by SLD or its successor, Applicant's governing board should fail to approve all of or any part of the services and products covered by this contract, the Applicant shall have the right, at its option, to cancel this contract, as to that part of the services and products disallowed by the governing board.

The total costs of the services and/or products shall not exceed \$2,500.00 (Pre-discount amount). In no circumstances shall Applicant be liable for an amount exceeding \$ 250.00 (Applicant's share) unless Applicant's governing board specifically waives this provision in writing.

# **Web Hosting**

(2009-2010 E-rate Pricing)

Trace Technologies  
1611 S Utica Ave  
Suite 177  
Tulsa, Oklahoma 74104

Trace Technologies offers numerous web hosting plans and platforms in an effort to best meet the needs of our diverse customer base. Included are shared hosting, virtual (vmware) server hosting, and dedicated server hosting to meet the complex and resource intensive needs of our most demanding customers.

## ***Shared Web Hosting***

Our shared hosting is ideal for businesses and organizations looking to save money with their web hosting. And with Trace Technologies as your hosting partner, you don't have to give up quality or features. Whether you're just starting out or already running an on-line business, our shared web hosting plans are a smart choice. At Trace Technologies, it all adds up to value. Our shared web hosting plans include virtually everything you need to build and grow your new business. And any established ecommerce store owner will cut hosting costs and boost that bottom line without sacrificing quality, features, security or reliability.

Even our entry-level package, the Budget plan, delivers features and functions you won't find anywhere else. You receive robust multi-domain web hosting, a site builder, web content, a top-down marketing program, and we even provide ecommerce software for your business. The Budget hosting plan delivers powerful organizational web hosting for an affordable monthly or annual rate.

## ***Virtual Hosting***

Trace Technologies is a enterprise VMware host and a provider of Windows Server 2003 on hosted VMware for customers needing a dedicated virtual server on the Microsoft platform. We provide the performance and flexibility of a fully-managed dedicated server – at a lower price point.

Professionals choose hosted VMware from Trace because it delivers performance, security and uptime that is superior to lower-priced dedicated or VPS hosting, plus Microsoft certified 24x7 management and support. Benefits include:

- **Superior VMware server.** With a dedicated OS instance for each virtual server and more robust isolation of one VPS from another, hosted VMware goes way beyond basic VPS hosting.
- **Fully-managed.** Trace Technologies Certified Network and Server experts look after all maintenance and patches 24x7 – so you don't have to.
- **Hosted VMware guarantees resources.** Unlike basic VPS hosting, VMware hosting from Trace *guarantees resource levels* for your site and applications.
- **Total control.** Administrative level access, plus the customizable Control Panel for full online control of your hosted VMware-powered server.
- **Flexible applications.** A powerful solution for disaster recovery, Windows Server consolidation, and application or Web site hosting needs. Choose a remote installation option for complete flexibility.

A virtual server is a single, dedicated server with hard drive partitions between businesses. The results? More control. More access. More bandwidth. More scalable to individual business needs.

With VPS plans, each partitioned business maintains its own operating system, a guaranteed share of essential hardware resources such as disk space, CPU and RAM and an increased level of security for each of your websites. And because you can host unlimited domains with a virtual server plan, the cost is more efficient than any other hosting option.

The hardware may be shared, but the results deliver like a fully-dedicated server. With complete root access to your partition, you can configure your site without having an impact on other websites sharing the same server. More importantly, changes to other sites won't change your site's operation or traffic access.

Virtual Private Server hosting is the perfect solution for organizations looking for more features and greater control over website administration. Most e-businesses start with shared hosting, a low-cost plan that places several sites on the same server. Indeed, it is low-cost but most successful on-line enterprises quickly outgrow the limitations inherent in shared web hosting. Virtual server hosting delivers the power and control of a dedicated server at much lower hosting prices.

## ***Dedicated Server***

The crown jewel of our hosting services: custom built premium dedicated servers for professional, corporate, or ecommerce websites. All dedicated hosting plans feature numerous layers of server security, with redundancies throughout the Website Source network.

What is a dedicated server? A dedicated server, as the name implies, is when a client has an entire web server specifically dedicated to their hosting needs. Many webmasters never arrive at the point where it becomes necessary to consider a dedicated server, simply because their websites never become popular enough, or their businesses hosting needs do not require customization. For the businesses professionals that demand more, we recommend dedicated hosting.

Take advantage of Website Source's high-quality hosting network and order your dedicated server today. Setup time usually takes less than five business days and custom configuration options are available. Optional service uptime and security monitoring services are offered.

### **Gain all the benefits of dedicated hosting, with a Trace Technologies Dedicated Server!**

Configured for rock-solid performance, security and reliability, your Trace Dedicated Server can deliver any of your hosting needs, including web and application hosting, SQL Server Database hosting, SharePoint hosting, and comes with additional features, including:

- Flexible, custom-built hardware options
- Powerful Software Options for Your Server
- 99.99% Network Uptime Guarantee
- Owned and Managed Data Center
- 24x7x365 Server Monitoring and Support
- Rapid Response to Any Hardware or Software Issues

### **Customizable**

Your Dedicated Hosting solution is also highly customizable and can be configured for your specific requirements. Each dedicated server has a variety of upgrades for RAM, Hard Disk Drives, Processors, and bandwidth; and our Dedicated Server Hosting Experts are available to assist you in tailoring your solution to your exact needs

## *E-rate Costs:*

### **Shared Hosting**

(Requires a one time, \$150 setup charge)

December 11, 2008

Dear Lucky:

In response to your filed form 470 and RFP, Edline is pleased to present an exceptional Web Hosting service. Currently used by thousands of schools in all 50 states and numerous countries, Edline is a comprehensive, K12-specific web hosting solution with a proven track record of success, scalability and security.

Better school websites foster better parental communication and in turn better student performance. Schools and districts that wish to create the most effective websites, choose Edline because, *Edline makes it easy to publish content to the classroom, team, club, department, and other pages that contain the daily, mission-critical information families need:*

- Classroom content on teacher classroom web pages, such as test dates, homework assignments, calendars, resources and photographs.
- General school information, such as news, daily announcements, lunch menus, school calendar events and athletic scores.
- Secure student-specific reports, such as missing assignments, daily grades and attendance, transcripts, report cards, demographics that you can easily publish from your gradebook, student information system, data warehouse and any other sources used at your district.
- Team, club and other group-specific information such as committee meetings and practice sessions.

Whether you want to use Edline to host your entire site or just to supplement and blend your current external school site with Edline class, team and club home pages, we are confident that you will find that Edline web hosting is not only the best, but the most cost-efficient web hosting service available.

To really understand why Edline is the industry leader we encourage you to attend a live demonstration where you can watch from your desktop and talk to an Edline representative at the same time. Just call 800 491-0010 or visit [www.edline.com](http://www.edline.com) to sign up.

An overview of Edline's Web Hosting service, responses to any RFP specific questions, and a contract have been enclosed.

Thank you for your consideration.

Sincerely,

Daniel Hanley

## Edline Web Hosting Proposal Summary

Y12- 483,009

Date: December 11, 2008

### BRAGGS

#### Cost of Service

Total Cost of Edline Web Hosting Service	\$2,376.00
Total Cost of E-Rate Eligible Web Hosting Service *	\$2,257.20
E-Rate Discount % (Our Estimate based on last year) **	90 %
Net Cost of Services ***	\$344.52

#### Term of Service

Start Date: July 1, 2009

Length: One year with two voluntary one year extensions

*If you select Edline, please note that E-Rate program rules require that this contract be executed by you before you file a completed FCC Form 471 with USAC. Please fax an executed contract to Edline for our records.*

#### Description of Internet Access Services for SLD Funding Year 2009

Contract Number:	483,009
Applicant's Entity Number:	225621
Applicant's Name:	BRAGGS
Service Provider:	Edline: SPIN 143027282 FCC# 0011861283

#### Edline Services

Service	Start Date	Non-recurring One-time Cost	Monthly Cost	Recurring Annual Cost
Website hosting eligible portion (95%)	July 1, 2009	\$0.00	\$188.10	\$2,257.20
Ineligible portion (5%)	July 1, 2009	\$0.00	\$9.90	\$118.80
Start-up	July 1, 2009	\$0.00	\$0.00	\$0.00

#### Detailed Service Description

##### Web Hosting Services (Eligible portion)

Edline web hosting service hosts a website for every class, team, club, and committee within a school or district, as well as a website for the school(s) themselves. No content or design services are provided as part of this service, and all such content must be published and managed by the customer.

##### Ineligible portion

Manage Design functionality used to modify layout and design.

\* Based upon 95% E-rate eligibility on file with USAC.

\*\* Your Year 12 discount may be different. This amount is an estimate based on our understanding of your Year 11 discount.

\*\*\* Calculated as the 5% ineligible component plus the estimated nondiscounted portion (10.00%).
